## ISK Staff

### Daryll Simpson

Daryll Simpson has accepted a new role at one of our member companies, Waiu Dairy. Daryll has been working for ISK since June 2020 and since then she has been instrumental in the progression of ISK, particularly about the matching of Job Seekers with employers. She established the strong working relationships with Kawerau businesses in the area and leaves ISK in a much better position because of this. We wish her every success in her new endeavors.

Daryll's replacement is Ngaio Pryor - Taare. Ngaio comes to ISK from a disabilities teaching background, and we welcome her onboard.

Amish is currently continuing his studies and working for The Fermah Group. We have enjoyed having Amish on the team and wish him all the best and thank him for everything he has done for ISK.

### Peter Cowley

Born and raised in Invercargill Peter attended Otago University graduating with a LLB and B.Com Accountancy. Peter has recently joined us as General Manager of ISK.

On graduating he joined Deloitte NZ and was transferred by them to South Africa in 1981. He remained in South Africa to 2011 working with leading companies in the Construction, Petro Chemical and Logistics sectors with responsibilities for southern and central Africa.

From 2011 – 2016 he worked in Saudi Arabia, Bahrain and France before returning to New Zealand.

### Free Flu & Covid vaccinations

The next clinic will be held on Monday, 25 July 2022 here at ISK between 10.00am – 3.00pm

In our first clinic we had a lovely lady come up, to get her vaccination, she is 99 and will be 100 in August! She beat Peter up the stairs, unaided!

### We're bringing Free Flu & Covid vaccinations to you!

Get a free basic health check while you wait

Industrial Symbiosis Kawerau  
9 Manukorih Drive, Kawerau  
Monday 18th July & Monday 25th July 2022  
10.00am - 3.00pm

## ISK Staff Cont...

### Ngaio Pryor - Taare

Ko Putauaki te Maunga

Ko Rangitaiki te Awa

Ko Mataatua te Waka

Ko Tu Teao te Marae

Ko Nga Maihi te hapu

Ko Ngati awa te iwi

Noa Te Teko ahau

Ngaio has recently joined the team at ISK, as Office Administrator. She has lived in Kawerau and Te Teko most of her life, with a few years in Hamilton, Tauranga and Australia.

Ngaio comes from a teaching background especially with children who have high learning needs. Ngaio has taught in schools and kohanga in the Whakatane district.

She is passionate about helping her local community and found ISK the perfect place to do this, as we at ISK are here to help upskill and seek employment for individuals, who would like to become part of the industry workplace.

### Elise Jarvinen

Elise was born and bred in Kawerau. She spent many years working in Wellington and spent three years working and travelling overseas. Her working history has primarily been as a Personal Assistant.

Like many people who have travelled, she found herself being drawn home to the Bay. Elise has worked with ISK since November 2021. She was originally brought in on a contract basis to see whether it would be viable to facilitate local training in Kawerau.

ISK have decided to commit to training in Kawerau for Industry and anyone who requires it. Elise has now been taken on permanently as the ISK Training Service Manager.

If you have any training requirements that are not listed on the ISK Schedule, or the dates don't suit and you have a group, let Elise know!

## Apprenticeships

ISK are here to help students on the career path of their choice.

ISK are working closely with Tarawera High School to ensure students are striving towards a career pathway they are interested in.

ISK had the pleasure of helping a young man this month into an Apprenticeship agreement in farming, and we wish him well on his endeavor.

## Apprenticeship Study Group

We run an Apprenticeship study group every Tuesday from 3pm – 5.00pm here at the ISK office. We have a Tutor here to help with any queries the Apprentices have.

## Cadetship

ISK members are bringing back the cadetship for local high school students who are wanting to be a part of industry.

Cadetships are a way in which businesses can support students studying to develop practical experience in their chosen field. It is a great way to develop within your chosen Industry.

## ISK Training

Over the past five weeks ISK has held Training courses. These courses have been a success to all who have attended. ISK Industry courses are booking out fast.

For more information on availability, and the course schedule contact Elise on 07 323 4088 / 021 189 4463 or email Elise on [elise@isk.nz](mailto:elise@isk.nz)!
