

Media release : ISK vaccination clinic

Date for Distribution: 18 October 2021

Distribution channels: all media

As many large businesses in the Kawerau District now require that contractors need to have at least one dose of the vaccination before coming on site, ISK held a vaccination clinic at their Manukorihi Drive offices. A total of 52 people were vaccinated. More than half of these were first timers.

By holding the clinic in the heart of Kawerau industry, ISK was able to make the vaccine more accessible for employees and employers, resulting in minimum disruption to their work day.

The next vaccination clinic will be held in the ISK offices on 4 November between 9am and 3pm. Walk ins are welcome and appointments can be made by calling (07 323 4088) or emailing info@isk.nz.
